

Intergraph Streamlines Global Operations to Two Divisions

Intergraph Corporation (AL, USA) has announced that the company is realigning its organisational structure and streamlining its global operations from four to two divisions – Process, Power & Marine (PP&M) and the newly formed Security, Government & Infrastructure (SG&I). Intergraph’s SG&I division will consist of core operations that previously existed in Intergraph Mapping and Geospatial Solutions, Intergraph Solutions Group and Intergraph Public Safety. The organisational realignment is intended to: (1) improve the customer focus and responsiveness of the company; (2) facilitate revenue growth by better leveraging the company’s full range of technology and services; (3) enhance the company’s development capabilities and ability to deliver innovative solutions to its target markets; and (4) reduce the overall cost structure of the Company. The company expects the organisational realignment process to be completed by the end of the second quarter of 2006.

The organisational realignment will include several changes to Intergraph’s senior management team. The Company has appointed Reid French, formerly Executive vice president of Strategic Planning and Corporate Development, to the position of chief operating officer of Intergraph Corporation. Reporting to Mr. French, will be Gerhard Sallinger, president of Intergraph’s Process, Power & Marine (PP&M) division and Preetha Pulusani, formerly president of Intergraph Mapping and Geospatial Solutions. Ms. Pulusani has been appointed president of Intergraph’s newly formed Security, Government & Infrastructure (SG&I) division. Ben Eazzetta, formerly president of Intergraph Public Safety, will report to Ms. Pulusani and has been appointed to the position of chief operating officer of Intergraph’s SG&I division.

Intergraph’s SG&I division will be comprised of five industry-focused business units, including Public Safety & Local Government, Federal Solutions, Military & Intelligence, Utilities & Communications, and Transportation & Commercial Photogrammetry. In addition, the Company will be consolidating certain functions globally and across divisions, such as Human Resources, Marketing, Information Technology, and Finance & Accounting.
