

Your Blog on the GIM International Website?

At *GIM International*, we are always searching for great stories and the most relevant news. However, we are sure there is much more going on than our editorial team can cover alone. So we are encouraging geomatics professionals to share their insights too. Are you interested in writing a blog about an exciting or unusual survey or project? Or perhaps you would like to inform our readers about a game-changing innovation? If so, let us know! We're keen to expand our coverage with your blogs. Contact our editorial manager, Wim van Wegen, to discuss your ideas. He is looking forward to hearing what you would like to share with our extensive worldwide readership!
