

2011 MAPublisher Training Schedule

Avenza Systems has presented the 2011 schedule for its 2-day MAPublisher training course. Features of the 2011 round of MAPublisher classes include content on creating interactive data-rich Flash maps, geospatial PDF creation, new thematic mapping functionality and MAPublisher LabelPro advanced text placement.

MAPublisher training is offered in hands-on computer labs at locations around North America. Training is also available onsite at customers' locations and online in which case certain aspects of the course will be tailored especially for the specific organization and workflow.

2011 MAPublisher Training Dates and Locations are

- Phoenix, AZ - February 3 & 4
- New York City area - March 31 & April 1
- Chicago, IL - May 19 & 20
- San Diego, CA - July 14 & 15
- Washington, DC area - September 15 & 16
- Seattle, WA - November 3 & 4
