

3-GIS at Electric Cities of Alabama

3-GIS, headquartered in the USA, is to exhibit at the Electric Cities of Alabama Annual Meeting and Conference in Orange Beach, Alabama. The conference will be held from 8 to 10 July 2012 at the Perdido Beach Resort. 3-GIS will be exhibiting and demonstrating its latest solutions and business strategies as the company continues to expand and develop new products for the telecom and utility industries.

New developments made by 3-GIS in the Android and Apple mobile markets show the remarkable speed at which GIS is growing.
