

ADC WorldMap Releases Digital Atlas Version 5.0

ADC WorldMap (WI, USA) has announced the release of ADC WorldMap Digital Atlas Version 5.0. Along with the exciting updates, the new product now provides complete and current national and sub-national boundaries for the world.

In addition to including 241 country and more than 3,220 level 1 boundaries, ADC WorldMap Digital Atlas 5.0 provides enhanced city data arranged by population. The data also has been updated to include capitals of the world.
