

Discussion LightSquared in GPS Debate

This video shows the presentation of LightSquared in the debate on the use of the L-band, adjacent to the GPS band. The presentation was made during the Survey Summit at the Esri User Conference in San Diego, USA, in July 2011. The Coalition to Save our GPS also held a presentation.

Presenter was Jeff Carlisle of LightSquared. [Please click to access the movie.](#)

The Coalition to Save our GPS also took the stage to hold a presentation. Please [click to see the contribution by Peter Large of Trimble.](#)

[Access to movies of all presentations of the Survey Summit.](#)
