

# Dolan to Lead Overwatch Geospatial Systems

Textron Systems, a Textron Inc company, has appointed James Dolan to senior vice president and general manager of its Overwatch Geospatial Systems, effective 1st February 2009, following the retirement of current senior vice president and general manager Kirk Brown. An operating unit of Textron Systems, Overwatch Geospatial has been providing geospatial intelligence (GeoINT) solutions and services to the Department of Defense and U.S. intelligence agencies for over 20 years.

Prior to joining Overwatch Geospatial, Dolan was the operations director for General Dynamics-AIS Geospatial Intelligence Systems. Over his 31 year career, he has held leadership positions of significant operational, business development and program management responsibility within several organizations supporting the geospatial intelligence community. Dolan is a graduate of the U.S. Naval Academy and served as a naval intelligence officer in a variety of operational intelligence assignments.
