# Edge-Pro Egyptian ERDAS APOLLO Distributor

ERDAS has appointed Edge-Pro for Information Systems as official distributor for the ERDAS APOLLO suite of products in Egypt effective from 1st September 2010. Edge-Pro became ERDAS' only provider of sales and technical support, product training and customisation, and consulting for ERDAS APOLLO in that territory.

Edge-Pro for Information Systems offers software solutions and services for GIS and remote sensing, emergency management information systems, fleet management systems and three-dimensional surface representation.

"Edge-Pro for Information Systems has earned a reputation for delivering software and service solutions," said Ahmed El Ghawaby, CEO, Edge-Pro for Information Systems. "By adding ERDAS APOLLO to our portfolio, our solutions can now include a premium data management and delivery product so our customers can organise and serve their data with unrivaled speed."
