

Geo-matching.com Adds GNSS Antennas

Geo-matching.com has recently added [GNSS Antennas](#) to its broad spectrum of product categories. Tallysman and Trimble are the first suppliers with marine devices in this category with respectively the [VP6300](#) and the [AV34](#). In addition to general specifications, detailed information is given about tracking satellites navigation and weight.

Geo-matching.com (www.Geo-matching.com) is the world's largest product database for surveying, navigation and machine guidance featuring detailed product information for more than 1,300 products in 63 product categories. The website guides users through the maze of specifications and gives them the opportunity to read brochures and case studies, watch product videos, and read other professionals' reviews.

Just some of the categories on offer include, [GNSS Receivers](#), [GIS Software](#), [Inertial Navigation Systems](#), [Total Stations](#), [UAS](#), [Point Cloud Processing Software](#) and [CAD Software](#).

Visit www.geo-matching.com to browse through the products, upload a product or leave a review. Feel free to register your company and add your products with this [link](#).
