

Geo-matching.com Adds Rental Companies and Dealers

[Geo-matching.com](https://www.geo-matching.com) has recently added rental companies and dealers to its overview of products and solutions. Besides detailed information about the manufacturers of products and brands, Geo-matching.com users can now also find an overview of the companies that rent and/or deal in them and can request information from the relevant suppliers directly. Check out the [Geo-Swath Plus Compact 500 kHz](#) multibeam echosounder to see rental and dealer opportunities.

Rental products and dealers are already listed for several brands, including FARO, AML Oceanographic, Valeport, RIEGL, Kongsberg Maritime and various others. Moreover, it is now possible to search Geo-matching.com based on operating region, field of application or product category to find a rental supplier or dealer. Click [here](#) for an overview of all

current rental products and dealers.

[Geo-matching.com](https://www.geo-matching.com) has developed steadily over the years and is now the largest product database for surveying, navigation and machine guidance, with almost 300 suppliers, 50 product categories and 1,150 products.
