

Geo-matching.com Database Exceeds 1.000 Products

Since its introduction in 2012 Geo-matching.com has developed steadily over the years and is now the largest product database with 252 suppliers, 42 product categories and 1002 products. Just some of the categories on offer include Digital Aerial Cameras, GNSS Receivers, Mobile GIS Systems – Hardware and Software, Mobile Mappers, Photogrammetric, Imagery Processing Software, [Point Cloud Processing Software](#), [Remote Sensing Image Processing Software](#), [Terrestrial Laser Scanners](#), [Total Stations](#), and [UAS for Mapping and 3D Modelling](#).

On Geo-matching.com users can find product information, such as technical specifications, product videos, product brochures, case studies and professional user reviews.

Visit www.geo-matching.com to browse through the products, upload a product or leave a review. Feel free to contact sybout.wijma@geomares.nl for more information.
