

Geocue 2012 Training Event

GeoCue™s 2012 Training Event will be held from 17 to 21 September 2012 in Nashville, USA. The GeoCue 2012 Training Event provides a range of courses on all supported GeoCue, Terrasolid and QCoherent products.

GeoCue and Terrasolid courses are offered in mixed tracks based on common workflow solutions and are offered in Basic to Advanced levels. QCoherent courses cover tools from Basic, Standard, and Advanced LP360 as well as Lidar Server, a web distribution tool.

Continuing Education Units (CEU) are available through the Pennsylvania State University. Trainees can qualify for CEUs in all training tracks. CEUs are offered in the following subjects: Basic Lidar Data Processing, Advanced Lidar Data Processing, Basic GeoCue Production Workflow Management, Advanced GeoCue Production Workflow Management, and Lidar Data Processing in a GIS Environment.

Registration for the training event opens on Monday 4 June 2012. Seating is limited so early registration is encouraged.

Training will be conducted at the Marriott at Vanderbilt, located near the Vanderbilt Stadium and across the road from Centennial Park.
