

# Get Your Question Answered by a Geospatial Expert!

Are you considering trying out a new mapping method? Or perhaps you're struggling with a tricky challenge on a new survey project? Take this opportunity to ask our broad network of experts for help! For our 'Ask the Specialist' feature, we're inviting you to send us your burning questions about geospatial surveying. We will pass the questions on to relevant industry experts to provide you with a comprehensive and detailed answer to help you on your way. Send your question – try to limit it to 50 words – to [wim.van.wegen@geomares.nl](mailto:wim.van.wegen@geomares.nl). The answer will be published on the *GIM International* website!
