

Grow Your Knowledge: GNSS & Positioning

We regularly keep you informed about the latest developments in the field of mapping and surveying through our articles in '*GIM International*', and we have recently expanded this with a new e-learning tool: Academy4Geo. The Academy4Geo course material is developed by our professional crew based on our valuable content. It is an effective and interactive way to enrich your geospatial knowledge. Why not give it a try with our first module on GNSS & Positioning? Good luck!
