

InterDrone among Fastest-growing Shows in United States

BZ Media LLC has announced that [InterDrone](#) - the international drone conference & exposition - has been named to the *Trade Show Executive* magazine list of fastest-growing shows in 2016. InterDrone was one of only 14 shows in the country that was named in each of the three categories: fastest growth in exhibit space, growth in number of exhibitors and in attendance. InterDrone 2016 drew 3,518 attendees from 54 different countries on 6 continents and the event featured 155 exhibitors and sponsors in 222 booths.

Ted Bahr, chairman of InterDrone said his team is honoured to be recognized by *Trade Show Executive* for our rapid growth reflecting both the exciting growth of the commercial drone market and the hard work of our team. More than 260 media and association

partners have helped build InterDrone into the largest dedicated commercial UAV event in the world, he added.

InterDrone was the only drone show named to the list, which [can be viewed here](#).

Exhibitors and sponsors of last year's edition included a cross section of the entire commercial drone industry including AeroVironment, PrecisionHawk, Yuneec, Intel, SenseFly, Insitu, Parrot, NovaTel, AUVSI, C-Astral, Brother, Airbus, SlantRange, Kodak, Flir, Parrot, AEGIS Technologies and Sentera. 39 companies announced or showed new products at InterDrone.

InterDrone 2017 will be held at the Rio Hotel and Casino in Las Vegas from 6-8 September 2017.
