

# ION GNSS+ 2013 Programme and Registration Now Available

Registration is now open for the Institute of Navigation (ION) GNSS+ 2013 to be held from 16 to 20 September 2013 (tutorials on 16 and 17 September) at the Nashville Convention Center, Nashville, Tennessee, USA. ION GNSS+ 2013 is the 26th International Technical Meeting of the ION Satellite Division and the world's largest technical meeting and showcase of GNSS technology, products and services.

ION GNSS+ brings together international leaders in GNSS and related positioning, navigation and timing fields to present new research, introduce new technologies, update current policy, demonstrate products and exchange ideas. The addition of "+" to the conference name reflects the growing emphasis on GNSS and the rapidly evolving field of alternative navigation methods.

This year's conference will feature pre-conference tutorials on 16 and 17 September, policy and panel discussions, commercial and applications-oriented sessions and more than 250 technical papers on a diverse array of topics.

For more information and to register, go [here](#).

## **Institute of Navigation**

The Institute of Navigation is the world's premier professional society dedicated to the advancement of the art and science of positioning, navigation and timing. The Institute is a national organisation whose membership spans worldwide.
