

# ITT VIS to Distribute TLiD Airborne Lidar

Tiltan Systems Engineering, Israel, has signed an exclusive global licensing and sales agreement with ITT Visual Information Solutions (ITT VIS, USA) for its TLiD automatic airborne Lidar data processing product.

TLiD is an automatic airborne [Lidar data processing](#) software product that transforms geo-referenced point clouds into GIS layers and 3D models. TLiD enables the processing of large quantities of data, and the creation DTM, DSM, SHP files to represent buildings and power lines, trees list and other items.
