

Jena Instrument Distributes Vexcel

Vexcel Imaging GmbH has entered into an agreement with Jena Instrument to distribute its UltraCam line of photogrammetric digital aerial cameras in Russia and the Commonwealth of Independent States (CIS). Jena Instrument will act as an authorised distributor of UltraCam systems throughout this region. Jena Instrument will also provide technical and customer support for existing and new customers.

"Vexcel Imaging is pleased to add a geospatial industry leader like Jena Instrument to our team of global distributors," said Alexander Wiechert, Business Director of Microsoft and Managing Director for Vexcel Imaging GmbH. "We are committed to meeting the growing demand for aerial sensors and software in Russia and the CIS region, and Jena Instrument will provide the high-quality support we need."
