MAPublisher 8.0 for Adobe Illustrator

Avenza Systems has released MAPublisher 8.0 for Adobe Illustrator. MAPublisher 8.0 is the latest version of this mapmaking software used to produce high-quality maps from GIS data for both print and electronic distribution. MAPublisher 8.0 for Adobe Illustrator is a full product upgrade that is free of charge to all current MAPublisher Maintenance Program subscribers and replaces the current shipping version of MAPublisher, version 7.6.3, for all new customers using Adobe Illustrator CS2, CS3 or CS4.

MAPublisher 8.0 contains a Flash export capability, which according to Ted Florence, President of Avenza, already is a reason to upgrade.

MAPublisher 8.0 includes all the significant functionality introduced in earlier releases of MAPublisher as well as newly added features and enhancements.
