

Mountain GIS e-Conference

International Centre for Integrated Mountain Development (ICIMOD) and the Mountain Forum Secretariat (MFS) (Nepal) are jointly organising the Mountain GIS e-conference slated for 14-25 January 2008. This two-week e-conference is to promote geo-information science and technology for the integrated mountain development.

The conference will be held on a virtual platform and, as it is with the nature of the virtual conference, the participation is open to all.

To participate in the e-conference, interested can directly register online at:

<http://www.mtnforum.org/rs/ec/index.cfm?act=reg&econfid=15>

You are also welcome to showcase your case studies/applications at:

<http://www.mtnforum.org/rs/ec/index.cfm?act=shc&econfid=15>

For details please see the attached leaflet or email us at: gis@mtforum.org
