

New Owner Land Info

INTEC Americas Corp (CO, USA) agreed in 2004 to acquire a controlling interest in the assets of LAND INFO International (CO, USA); operations of the two companies are now integrated into a new company doing business as LAND INFO Worldwide Mapping (CO, USA). Recent activities include generating and processing digital map data and high-resolution satellite imagery on various projects. The company is a Space Imaging authorised reseller, a DigitalGlobe distribution partner, and a business partner of both USGS and ESRI.
