

New Venue for GEO-11

GEO-11 has opened visitor registration with a range of new opportunities for both visitors and sponsoring organisations. The independent event, which has been on the UK geospatial calendar for fourteen years, has moved to a new venue just North of London yet inside the M25 with first class exhibition and conference services and deluxe accommodation and leisure facilities. The event is to take place on the 6th and 7th of April at the Holiday Inn, Elstree, UK.

The new venue also offers free parking and visitors who pre-register can benefit from free refreshments, priority onsite registration and more special offers. and visitor registration is open.

Visitors to GEO-11 can also attend, free of charge, a range of practical seminars and demonstrations from leading practitioners, suppliers and experts in laser scanning, 3D modelling, GIS, GNSS and other data capture and processing technologies. In addition, those wishing to extend their stay can complement their experience with attendance at the event's Gala Dinner topping the evening off with a great deal on overnight accommodation.

The GEO events are designed for professionals involved in the capture and application of geospatial information for construction, civil engineering, development, local / national government agencies, professional survey practice and consultancy. Attracting exhibitors demonstrating the latest technology and developments in the fields of Geographical Information Systems (GIS), Global Positioning and Navigation systems, laser scanning, data modelling and analysis and mapping together with leading trade organisations and academic institutions the GEO events are a must attend.
