

# Newly Independent Fugro Aerial Mapping

As of 1st January 2008, and after more than eight years as part of Fugro-Inpark BV, the Aerial Acquisition division (better known as FLI-MAP) is continuing life as a separate company under the new name of Fugro Aerial Mapping BV.

The new company will be headed by Huug Haasnoot MSc and concentrate services on Lidar, photogrammetry activities, and other airborne methodologies

Fugro Aerial Mapping B.V. is to become part of a European group of airborne Fugro companies, which will strongly work together on research and development, optimal planning of resources and execution of projects.
