

Pacific Crestâ€™s Data Links Certified

Following extensive testing by compliance commissions, Pacific Crest Corporationâ€™s (CA, USA) Positioning Data Link Low Power Base (PDLLPB) is approved for use in Korea and the Czech Republic. The PDLLPB offers a data link for RTK-GPS that integrates with most major GPS OEM equipment. The data link features a 19,200 bps data rate. The equipment includes a lightweight dust-proof all-weather enclosure, a built-in antenna and pole mounts.
