

Position Partners Appointed as FARO Master Distributor

3D positioning solutions company, Position Partners, has been appointed as FARO™s distributor across Australia and Papua New Guinea, with distribution rights to FARO™s 3D documentation products in both countries. The distribution rights include the FARO laser scanner Focus range of products, developed for precise measurement of large objects and environments for 3D documentation and modelling.

Position Partners has been a FARO distributor since 2013 and has seen how the company is able to sell and support the product successfully throughout Australia and Papua New Guinea, said Joseph Arezone, senior vice president and managing director (Asia Pacific), FARO. They have a team of more than 200 employees and with offices in every state and territory in Australia, FARO is confident that Position Partners will bring forth the

company's solutions to the market professionally, he added.

FARO, together with Position Partners, hosted the FARO 3D Documentation User Conference in Sydney on 21 October 2014.
