

ProLogic Lidar Explorer 2.0 Webinar

Get an introduction to Lidar Explorer at one of ProLogic's free January webinars. The two webinars will be held Wednesday, January 9, 3:00 - 4:00 PM EST and Thursday, January 10, 3:00 - 4:00 PM EST.

This presentation will introduce and demonstrate basic concepts and features of Lidar Explorer 2.0, including:

- Loading and displaying massive Lidar datasets
- Converting ASCII to LAS
- Reclassifying points
- Exporting datasets to ASCII, LAS and ESRI GRID formats

For registration and questions, send e-mail to: lidar@prologic-inc.com. Please specify which webinar time you prefer.
