Rugged Tablet Computer

Ultra-rugged, full-featured and lightweight, Yuma provides a 7" touch screen, an Intel Atom 1.6 GHz processor, a solid-state hard drive, two digital cameras and integrated WiFi, Bluetooth, and GPS. Even with the two hot-swappable batteries the Yuma weighs 1.2kg.

The Yuma rugged tablet computer is IP67-rated. MIL-STD-810F spcifications ensure that your Yuma rugged tablet computer survives bitter cold, blistering heat and everything in between.
