Financier Self-Funded
Country United Kingdom

Description Tenders are invited for aerial mapping services Short description of the contract or purchase(s): The Environment and Heritage Service (EHS) is an executive agency of the Department of the Environment. EHS Built Heritage Division wishes to take advantage of the opportunity which high definition LIDAR technology presents to assist it in its archaeological recording function. The high definition LIDAR service provider will be expected to agree with Built Heritage a programme of airborne surveying, and then undertake all necessary fieldwork and post-fieldwork data collection and processing. The principal objective will be that of supplying Built Heritage with fully prepared datasets in the form of shaded relief ground surface models of agreed resolution (for example, 20/30/40/50 or more recorded point density per square metre) and scale (for example, 1:4000). The models must be reproducible in printed copy format. Documents can be downloaded from Central Procurement Directorate's electronic tendering system. If you wish to download documents and are not registered for Central Procurement Directorate's electronic tendering system, you can register your company on the CPD electronic tendering website <http://procon.cpdni.gov.uk/procon/>. Total quantity or scope: Conditions for obtaining specifications and additional documents or descriptive document Time limit for receipt of requests for documents or for accessing documents: 25.3.2008 - 11:59. Payable documents: no. -
