

Topcon Appointments

Topcon Positioning Systems (TPS) recently named Joel Frost as national sales manager of network products and services and Fred Moser as laser scanner sales manager. Both positions are new at TPS.

Joel Frost is a former senior regional sales manager for the Topcon Survey Business Unit. As the national sales manager of network products and services, Frost reports to Charles Rihner, vice president of planning for the Topcon Emerging Business Unit.

Fred Moser has assumed responsibilities as laser scanner sales manager reporting to Brice Walker, vice president of sales for the Topcon Survey Business Unit. Moser, who formerly served as TPS technical sales representatives, will work with all survey regional managers to develop opportunities and offer technical sales assistance.
