

# UAE University to Receive Professional GIS Training

The Department of Geography and Urban Planning at UAE University (United Arab Emirates) has selected SuperGIS Desktop and GIS Learning CD for its GIS tutorials. Evolving GeoSystems, SuperGeo's distributor in UAE, will also be providing product training to help improve the knowledge and skills for implementing GIS applications at the university.

Founded in 1976 and located in Al Ain, Abu Dhabi, United Arab Emirates University is one of the oldest and foremost comprehensive national universities and comprises the faculties of Law, Sciences, Education, Engineering, Humanities and Social Sciences, Business and Economics and Information Technology, etc. United Arab Emirates University aims at being the world-class centre for applied research.

After understanding the capability and reliability of SuperGeo's GIS products, United Arab Emirates University finally made the purchase of SuperGIS Desktop and GIS Learning CD on the recommendation of Evolving GeoSystems. These useful GIS tools will enable the educators and learners to complete enormous GIS tasks such as data integration, editing, analysis, and management to increase the usability of spatial data.
