

Vexcel Increases Multi-National Presence

Vexcel (CO, USA) announced the streamlining of its global corporate organisation, including its corporate headquarters in Boulder, Colorado and multi-national operations that include Atlantis Scientific, Inc. (Ottawa, Ontario, Canada), ISM Corporation (Vancouver, Toronto, Canada), Vexcel Imaging GmbH (Graz, Austria) and Vexcel UK (Newbury, Berkshire, United Kingdom). Going forward, these companies will be known respectively as Vexcel Canada, Vexcel ISM, Vexcel Austria, and Vexcel UK. At the same time, Vexcel announced the expansion of its distribution channels with plans for opening of sales offices in Japan, China and Australia. As a part of this union, Vexcel has reconstructed its web site to serve as one central resource of information and support for products, services and research capabilities from all offices. The new site also provides key contacts within offices and worldwide sales locations.
